# COMMERCIAL TRUCK RAPID IMPROVEMENT WORKSHOPS

5S Workplace Organization

**X-RAY REPAIR PLANNING®**

Refinish Area Optimization

Administrative Process Re-Engineering

## Commercial Truck X-RAY REPAIR PLANNING®

### ELIMINATING FUTURE REPAIR DELAYS THROUGH EFFECTIVE REPAIR PLANNING PROCESSES

Commercial Truck *X-RAY REPAIR PLANNING®* is a key front-end process for creating continuous repair flow through the commercial truck collision repair process. This on-the-shop-floor workshop is effective at helping organizations get past the day-to-day obstacles which prevent proper execution. It will teach you the skills necessary to break free of the common implementation problems faced by many repair organizations while the team identifies the critical resources, structure, communication tools, and flow for repair planning excellence. Participants will learn the key elements of repair planning, how to complete an effective *X-RAY REPAIR PLANNING* process on a commercial truck, and make critical decisions for what needs to occur, how it will occur, when it will be done, and where things take place.

Completion of MVP Commercial Truck Green Belt training

### Lean for Collision

#### Re-Engineering the Processes for Success, Today and in the Future!

Today's rapidly changing commercial truck collision repair industry offers significant opportunities for the collision center that is equipped with the knowledge, expertise and commitment to evolve with emerging trends and meet the challenge of change head on.

### Rapid Improvement Workshops

Rapid Improvement, it's about getting things done

A Rapid Improvement Workshop is a technique for quickly and effectively getting things done. During a Rapid Improvement Workshop you and your team will be lead by a MVP Black Belt facilitator through an on-the-floor workshop. Immediate results are realized through a hands-on effort, working directly on a planned scope project moving quickly from the Current State to a Future State.

A key focus of the Rapid Improvement Workshop is to teach the Leadership/Lean Champions at the shop how to use the technique enabling them to facilitate future, events on their own. PPG's MVP program offers a variety of Rapid Improvement Workshops as well as custom on-site consulting services.
